Ganithotsav - a unique tech and cultural fest organised by the mathematics club of VBIT attracted students from several colleges where the importance of mathematics in engineering courses was stressed and explained.

Dr. A.K. Chakrabarti, Project Director, DRDL and Prof. M.V. Ramana Murthy, Chairman, Computer Science were invited for talks. Prof. Ramana Murthy explained the applications of mathematics in various areas of engineering like Civil, Designing, Artificial Intelligence, Network Securities. Dr. Chakrabarti explained the evolution of science from 19th century to till date and how in every area mathematics played a role including in missile development. Other events included paper presentations, chamber of secrets, converse with math, JAMM, DUMB C, Rubik's Cube, mastermind and some cultural events like singing, dancing, selfiemia, funthyakshari.

Dr. J.S.N. Murthy, Principal VBIT; Manohar Reddy, secretar; Gautham Rao, chairman and Dr. Kousalya, HOD spoke.

Lessons for engineering faculty

Two-day Faculty Development Programme on "Effective classroom management skills" for engineering colleges' faculty was held at Aurora Scientific Technological Research Academy, Bandlaguda, by senior professor Venkateswara Rao and coordinator G. Krishna Kumari.

Prof. Krishna Kumari stressed the importance of classroom management in improving the quality of delivery in the class. Around 70 faculty members from various engineering colleges from all over the Telangana State attended.

Speakers with rich corporate training experience expressed the requirement of the industry in terms of quality of engineers.
