Festive cheer: The NSS unit of VBIT visited Nagirgomula village near Ghatkesar to celebrate Independence Day. Students went to the school there and conducted games, fashion show and cultural activities.

C.M.R.College of Engineering and Technology conducted a two-day faculty development programme for English teachers on “Emerging Trends in English Language” that saw the participants enhancing their teaching skills. Subject experts Sumitha Roy and Annie Pothan of Nizam College and Sreelakshmi of VBIT stressed the importance of English Language teaching to the engineering students.

The participants, who were from different engineering colleges in and around the city, were exhorted by the speakers to help the engineering students to enhance their employability through soft skills and communication skills. “As teachers who have responsibility to give them confidence through your lectures,” they said.
