## EDITOR'S DESK

Hi folks!!!

Welcome back to our most-awaited college news letter "STUTALK". It's been a long time since we have received a last issue. This semester we have made a lot of sincere effort to make it an "INDEPENDENCE DAY SPECIAL" issue. I hope you guys will appreciate our work.

This issue's made more interesting and informative with a lot of effort and dedication from the entire STUTALK team. We have very knowledgeable information for you like some important job-related websites, secrets of success, interesting facts, tips, patriotic articles and many more.....

If you also want your ideas to be shared with us in the next issue, please do e-mail us at [vbit.stutalk@gmail.com](mailto:vbit.stutalk@gmail.com).

I hope everyone will like this issue. HAPPY INDEPENDENCE DAY .....

### About India

We owe a lot to the Indians, who taught us how to count, without which no worthwhile scientific discovery could have been made.

- Albert Einstein.

India is the cradle of the human race, the birth-place of human speech, the mother of history, the

grandmother of legend and the great grandmother of tradition.

- Mark Twain.

India conquered and dominated China culturally for 20 centuries without ever having to send a single soldier across her border.

- Hu Shih (Former Chi-

nese ambassador to USA).

## SUCCESS AND YOU

Success and happiness go hand in hand. Success is getting what we want and happiness is waiting what we get. One sure way to achieve this is to develop the winning edge. Successful people compete among themselves. They make their record better and keep on improving constantly. Does that mean that one should never fail? Not at all! Failure as is said, is "the stepping stones to the success". And every success story is a story of failure.

Here is an example. Read the following lines and identify the person.

"This man failed in business at the age of 21. He was defeated in the legislative race at the age

of 24. Failed again in the business at the age of 24. Overcame the death of his loved one at the age of 26. Had a nervous breakdown at the age of 27. Lost a congressional race at the age of 34. Lost a senatorial race at the age of 45. Failed in an effort to become the Vice President of United states at the age of 41. Lost a senatorial race at the age of 49. But he was elected as the president of United states at the age of 52. You guessed right! The person was none other than "Abraham Lincoln." Would you brand him a failure? What lesson do we learn from this example?

Winners Never Quit!

Quitters Never Win!

We need to learn to become Victors;

## TEN COMMANDMENTS OF SUCCESS

- \* Speak of people : There is nothing as nice as a cheerful greeting .....
- \* Smile : It takes 72 muscles to frown only 14 to smile .....
- \* Call people by name : Every one is pleased when you remember their name.....
- \* Be friendly & Helpful : And other will respond in a manner .....
- \* Speak & Act : As if everything you do were a genuine pleasure .....
- \* Be genuine : Interested in people .....
- \* Be generous : With praise cautious with criticism .....
- \* Be considerate : With the feeling of others it will be appreciable .....
- \* Be thoughtful : Of the opinion of others there are 3 sides to any Controversy - yours, the other person and the right One .....
- \* Be willing : To give service, what counts most in life is what we do for others.....

Success doesn't mean the absence of failure.  
It means the attainment of ultimate objective.  
It means winning the war not every battle.....

## OXINFINITY=-1

I think everyone knows that product of perpendicular slope is Minus one(-1). We also know that slope of x and y axis is 0 and infinity respectively.

Here comes the logic. X and y axis are perpendicular to each other and

hence we can say that product of there slopes will be -1.

Slope of xaxis x slope of y-axis=-1  
=> 0 x I infinity=-1

## FRIENDS FOREVER

"Mother is the sweetest word in the world, next comes "Friend".

If mother gives life. Friend help to live the life. They are true gifts of god. We can't choose our parents, brothers, sisters, relatives etc. But we can choose our friends. So they are mirror to us. Good and bad one can share only with a friend. It can exist only between any two souls, among people or men or animals. It can happen at any time at any where. true friends always sail on a great ship, which never sinks called friendship. A friend is someone who is there for you, when you need a shoulder to cry on

it , doesn't matter whether it is he or she. A friend is one who knows all about you and still loves you. Friendship between a girl and a boy is looked upon with suspicious. Society always wants to know what's really going as when a girl and a boy are really buddy. Of course, there are cases of good friends, turning into lovers, its exceptional. There can be no friendship without confidence and no confidence without integrity. Many people walk in and go out, but true friends have their foot prints in their hearts. Friendship is always a sweet responsibility. True friends are like

diamonds, they are real and forever. Fake friends are like leaves they are scattered every where.

*YOUR AGE BY CHOCOLATE MATH*

*This is pretty neat. DON'T CHEAT BY SCROLLING DOWN FIRST!*

*It takes less than a minute. Work this out as you read. Be sure you don't read the bottom until you've worked it out! This is not one of those waste of time things, it's fun.*

*1. First of all, pick the number of times a week that you would like to have chocolate (more than once but less than 10)*

*2. Multiply this number by 2 (just to be bold)*

*3. Add 5*

*4. Multiply it by 50 - I'll wait while you get the calculator*

*5. If you have already had your birthday this year add 1759 ..*

*If you haven't, add 1758.*

*6. Now subtract the four digit year that you were born.*

*You should have a three digit number*

*The first digit of this was your original number*

*(i.e., how many times you want to have chocolate each week).*

*The next two numbers are*
